Allergy Asthma Immunology of Rochester, PC & Infusion Center

Welcome to our practice.

AAIR has been providing top quality care of adults and children with asthma, and all forms of allergy since 1985.

Our doctors are board certified by the American Board of Allergy and Immunology as well as also being trained and board certified in Internal Medicine and/or the American Board of Pediatrics, and our Nurse Practitioners and Physician Assistants specialize in focusing on customized Allergy and Asthma care of all ages.

We take pride in offering advanced, comprehensive forms of diagnosis and treatment based on evidence, which is individualized to each patient's unique needs. We treat a full spectrum of allergic conditions including asthma, nasal and eye allergies, cough, sinus problems, urticaria and angioedema, stinging insect allergy, food allergies, drug allergy, Mast Cell Activating syndrome, eczema and contact dermatitis, among others. AAIR also offers an infusion center for convenient personalized infusion therapy for asthma, dermatology, gastroenterology, gout, immunology, neurology, ophthalmology, osteoporosis, and rheumatology from all providers in the community! We also offer cutting edge biologic therapies and allergy shots to treat asthma, allergies, hives, anaphylaxis and help minimize medication requirements and symptoms.

AAIR BRIGHTON (SOUTH WINTON COURT)
